I can work on the comments in a few minutes. Marcy and Leslie, can you please email Scott Ireland and tell him there are more comments forth coming from ORC as I think he is submitting it for signature.

Thanks Leslie. Not sure what Naeha's schedule looks like, but hopefully she can compile the comments into one redline. I think any of us can send the revisions back to the group.

FYI – Erik will be getting a late start this morning after an 8:30 medical appointment.

Hi All,

I just spoke to Marcy re: our coordination efforts on this control. Marcy wants to meet with us at 11:30 to get a status update on this matter.

Naeha – are you available this morning to address/ incorporate Mony, Karen and my comments into one document that someone can then send to the other divisions to ensure that they are comfortable with our changes?

Mony or Naeha – who would be the appropriate person to send ORC's comments out to the larger group?

Thank you all for pinch hitting here!

Leslie

Just a few comments on the attachment. I caught one more "site" that needs to be "Site" in the first paragraph and I really do not think we should release info about the state actions without approval from the state to do so. Thanks for looping me in at this stage in case it continues to next week.
